

The 8th International Conference on Security for Information Technology and Communications

Conference venue: National Military Center, Bucharest, Romania

<http://ism.ase.ro>

<http://mta.ro>

<http://sri.ro>

<http://dice.ase.ro>

<http://cyberknowledgeclub.org>

Website: www.secitc.eu

Email: secitc@ase.ro

Online submission:

<http://secitc.eu/openconf/openconf.php>

The conference papers will be published in Springer's Lecture Notes in Computer Science

**Lecture Notes in
Computer Science**

LNCS

LNAI

LNBI

The conference topics, but not limited to, are:

Access control	Language-based security
Algorithmic tools for security and cryptography	Malware
All aspects of cryptography	Mobile security and privacy
Application security	Network security
Attacks and defenses	New exploits
Authentication	Policy enforcements
Biometry	Privacy and anonymity
Censorship and censorship-resistance	Protocol security
Cloud Security	Reverse-engineering and code obfuscation
Distributed systems security	Security architectures
Embedded systems security	Security aspects of alternative currencies
Forensics	Side channel attacks
Hardware security	Surveillance and anti-surveillance
Information flow analysis	System security
Internet of Things – IoT	
Intrusion detection
