

Publishing Guide for Authors

Submission deadlines

Informatica Economică publishes a quarterly issue. The deadlines for paper submission are as follows:

- 1st issue: 1st of February
- 2nd issue: 1st of May
- 3rd issue: 1st of August
- 4th issue: 1st of November

Here are the topics¹ for the following issues:

- 1st issue of 2019 – *Machine Learning Algorithms*. Topics included but not limited to feature extraction and classification, computational learning theory, cognitive modeling, hybrid learning algorithms, Bayesian networks, support vector machines, knowledge acquisition and learning.
- 2nd issue of 2019 – *Cybersecurity*. Topics included but not limited to cryptographic algorithms and protocols, application security, cloud security and virtualization, database security, mobile application security, hackers and threats, IoT security, steganography.
- 3rd issue of 2019 – *Artificial Intelligence*. Topics included but not limited to neural networks and deep learning, pattern recognition, computational creativity, biometric authentication, AI ethics, AI applications in industry, education and health, knowledge discovery and big data processing, ontologies and semantic Web.
- 4th issue of 2019 – *Mobile and IoT Applications*. Topics included but not limited to mobile applications development, mobile applications testing, mobile application security, IoT hardware and software integration, IoT integration with mobile and cloud solutions, IoT applications security.

Submission details

Each paper shall have no less than 13 pages and no more than 18 pages using the format below. Shorter papers are allowed only in the following situations: corrigendum papers, announcements for scientific events (congresses, seminars etc.), book reviews and similar materials.

Papers should be sent as email attachments to editor@revistaie.ase.ro. Each paper must be accompanied by a signed and dated statement of the author(s), stating that the paper is an original work and neither the paper nor significant parts of it have been published or are under reviewing process for publication in another journal (see site for statement example – http://www.revistaie.ase.ro/guide_for_authors.html). The statement must be sent in original form or scanned in color and attached to the email. The statement also clearly grants all copyrights for the paper to *Informatica Economică*.

Paper format requirements

The paper should be edited as Microsoft Word document (.docx) with the following settings (all measures in centimeters):

¹ Having a topic for each issue, does not automatically mean that we will reject papers that do not totally match the announced topic. We will give higher publishing priority to papers that match the topic. Other papers may be also accepted and published in the same issue or a later issue.

Page setup: Page size A4, orientation portrait; Margins: mirror margins, top 3cm, bottom 2cm, inside 2.5cm, outside 2cm, gutter 0.5cm; Layout: header 1.7 cm (different odd and even), footer 0cm, section start continuous, page alignment top.

Page numbers: top, outside, font Times New Roman size 10, bold, continue from previous section.

Paragraph format: line spacing single, uncheck widow/orphan protection, alignment justify.

Font: Times New Roman size 12, regular (unless otherwise stated in the following sections).

Document language: English (US or UK), automatic hyphenation on (hyphenation zone 0.1cm). Make sure the speller has been used to correct eventual typing mistakes.

Content details²

Paper title: centered paragraph, font size 14, bold.

Author(s): full name (last name all capitals) and affiliation (institution, city, country, personal email) – centered paragraph.

Paper abstract: describe your paper using between 100 and 150 words. Use italic font style.

Keywords: italic font, the lead word “Keywords” also with bold font.

Content:

- Figures and tables must have descriptive titles and consecutive numbering, respectively. All figures, pictures and similar objects must be included in objects of type Microsoft Word Picture and centered. Table description is placed above them; picture description is placed below them. Description of pictures and titles must begin with type identification and number (e.g.: **Fig. 1.** or **Table 1.** – using bold font; description uses regular font). Each picture or table must be placed as close as possible to the first reference in the text. Layout for each object must be “in line with text”.
- Source code: if the paper includes sections of source code, it should be written with Courier New font, size 9, regular and properly indented.
- References: use IEEE Citation Style: numbers enclosed in square brackets (e.g.: [1], [2], [33]). Citations should be numbered in the order they appear in the text. All references must be detailed in the Reference/Bibliography section. Avoid using footnotes, as they may interfere with final formatting of the paper.

References/Bibliography: use IEEE Citation Style. Use numbers enclosed in square brackets for each reference. See the site for examples.

Author(s) details: for each author include a small face picture (2x3 cm) and a short description including (but not limited to): affiliation, education, and research field(s).

Reviewing process

All papers will be subjected to peer-review and are expected to meet standards of academic excellence. A blind review process will be used, employing 2 or 3 scientific reviewers. Author(s) will be notified about the outcome via email, using the declared address.

The authors agree that each paper sent for publication will be analyzed with dedicated plagiarism checker software.

An author may not publish more than two papers per year in the *Informatica Economică*. The bibliography and references must comply with the above requirements. These are the eligibility criteria for the assessment process.

Thank you for contributing to *Informatica Economică*!
